# HOOVER TAKES PERSONAL CHARGE OF FLORIDA KIDNAP HUNT

### FBI Chief Flies From Washington To Scene, Hinting Expected Major Development In Case; 1,000 Form Posse Combing Keyes And Everglades For Boy

PRINCETON, Fla., (IP)—Director J. Edgar Hoover of the Federal Bureau of Investigation arrived in Florida today to take personal command of the hunt for the kidnapers of five-year-old Jimmy Cash.

Hoover arrived by plane as hundreds of men, organized into armed posses, searched the everglades, the Keys and the farmlands of southeastern Florida in a beating rain for the boy who was kidnaped last Saturday night.

Hoover's presence added weight to reports that a break in the case may be near. Neither the chief G-Man nor his assistants would comment.

Hoover had been directing the manhunt for the kidnapers from his Washington headquarters. The drive to capture the kidnapers, who collected $10,000 ransom and then failed to return the child, assumed new intensity.

FBI officials guarded their activities with secrecy. Agents were massed here and at Miami. Until Hoover arrived, they had been commanded by E. C. Connelly, an ace of the FBI's kidnap force, who flew here from Washington to take charge in first stages of the case.

In other cases Hoover's arrival on the scene of a major case usually has been followed by a break in the case.

Although the numerical strength of the posse had risen to 3500 before the rain set in more than half of that number abandoned the hunt because of the storm. With Hoover's arrival, volunteers began to join in, many garbed in slickers and hip boots.

It was estimated more than 1000 men armed with deer guns, pistols and clubs systematically were plodding through the semi-tropical growth of southeast Florida. The posse included farmers, veterans, fishermen, everglades trappers, Seminoles and other volunteers.

## BILLION FOR FARM DEVOLOPMENT

### Department Of Agriculture Preparing Huge Program Of Lending And Spending

WASHINGTON, (IP)—Department of Agriculture officials prepared today for a gigantic farm aid program to bolster the purchase power of 6,000,000 farmers.

Tentative plans drawn by aides of secretary of agriculture Henry A. Wallace call for a friendly lending-spending farm program involving $1,300,000 to $1,400,000,000 in the next 12 months.

Direct aid to farmers in soil conservation payment, rural relief, purchase of surpluses, subsidy and parity payments, to be either obligated or paid in the next year, will total approximately $1,000,000,000.

Government agencies expect to lend farmers up to $350,000,000 for storage of surplus wheat, cotton and corn. The farm security administration plans to loan farmers approximately $100,000,000 to make crops and buy farms.

## P'VILLE LADS END SEASON

### Report Total Of 100 Runs Scored While Holding Opponents To Total Of 40

There's an abundance of good material coming along for high school baseball teams of the future, judging by the record of the Placerville Grammar school baseball team this past season.

The boys report they played six games, tied one and won five, to run up a total of 100 runs as against only 40 for their opponents.

Principal Palmer and Jack Parsons coached the team and arranged for games which resulted in a 32 to 1 win over Buckeye; a 13 to 10 win over Camino; an 8 to 8 tie with Diamond Springs and a subsequent 19 to 2 victory with the Diamond Club; a 15 to 3 victory against Smith Flat and a 13 to 1 victory against Ione.

## County Scouts Rate High

### Diamond Springs Troop Is Second In Entire Golden Empire Council

Led by the Diamond Springs troop, which is second in the entire Golden Empire Council, the Boy Scouts of El Dorado County have an excellent record in fulfilling the Scout program.

According to word received recently by E. W. Zueger, district commissioner, the Diamond Springs troop at this time has a record of 4,500 points and is second in the Golden Empire Council.

This rating is on a basis of an award of 10,000 points for complete fulfillment of the Scouting program for any one year.

Camino troop is well up in the point score, too, with 3,800 points while the two Placerville troops are above the average, giving El Dorado County probably the highest district rating in the Council.

"While we are interested chiefly in Scouting and not in accumulating points," Commissioner Zueger said, "the fact that the points which are won by our troops reflect their interest in the Scout program makes it reasonable to mention the points won as indicative of the excellence of the Scout leadership in El Dorado County."

Mr. Zueger also stated that in the recent district camporee in which eleven patrols participated, nine patrols received an A rating and the other two received a B rating for their demonstrations of knowledge of Scouting.

Birth of a son; James E. Robinson, at Placerville Sanitorium, to Mr. and Mrs. Walter H. Robinson, of Placerville, on May 25, was of record Thursday at the office of Recorder Charles Marsh.

Supervisor and Mrs. Dan M. Bassi were in town Tuesday from near Lotus.

## WOODEN BOX WEEK WILL BE CELEBRATED JUNE 13-18

"Wooden Box Week" will be celebrated in the lumbering areas of the Pacific West during the week of June 13 to 18 and in every community in which the Wooden Box Campaign is going forward, committees are working to make the observance a success.

El Dorado County's observance of the week will be under the auspices of the Wooden Box and Lumber Employees Association, of which E. Peterson, of the Beach Box factory, is the chairman.

A committee of the association is visiting the merchants of the community soliciting their support for the observance in the arrangement of special window displays and other features intended to assist in directing attention to the importance of the occasion. Preliminary plans for the local observance were outlined at a meeting held Tuesday night at the Beach box factory.

Peterson asked that the thanks and appreciation of the wooden box employees for the public support given their recent sawdust jamboree be expressed through the newspapers.

# SCHOOL TRUSTEE VOTE FRIDAY

### Election Will Be Held In All School Districts; Many Fail To Qualify On Ballot

The annual county school trustees' election will be held Friday, June 3rd, in the several elementary school districts of the county.

The election will name a trustee in each elementary school district and will elect in the county-wide high school district one member of the governing board.

In the high school district, James A. Irving, incumbent, has qualified as a candidate for re-election and his name will appear on the ballot.

In the elementary districts of the county, only one contest for office is indicated and that is in Negro Hill district in which Fern E. Pilliken and Carrie T. Darrington are candidates.

In a majority of the elementary districts, candidates failed to get their names on the ballot and therefore the election will be decided by "write-in." However, in some districts it usually results that no election is held and the Superintendent of Schools is asked by the district to make an appointment to fill the vacancy.

In addition to the high school district, in which Mr. Irving is a candidate for re-election, and the Negro Hill district, in which there is a contest as indicated above, the following have qualified as candidates in their respective districts and their names will appear on the ballot in those districts:

Buckeye district, C. L. Scheiber; Canyon Creek district, John Balderston; Diamond Springs district, Rolland R. Gust; Garden Valley district, Guy Davenport; Kelsey district, Virner E. Wylie; Pilot Hill district, Helen H. Haslam; Placerville district, Dr. Lester B. Rantz; Union district, A. C. Winkelman.

In other districts in which an election is held, the elementary school trustee will be named by "write-in."

## PARADE OF SPORTS

By HENRY McLEMORE
United Press Staff Writer)

NEW YORK, [illegible] — There's an unwritten law in boxing that guarantees a champion the right to keep fighting as long as his legs will hold him upright.

It is now time for that unwritten law [illegible] to be [illegible] by a written one that will protect a champion from his own courage, his own pride and, if you will, his own vanity.

[illegible] Madison Square Garden [illegible] night when Barney Ross took a [illegible] from Henry Armstrong [illegible]

Donovan, knowing that a man [illegible] a punch appealed to Ross' handlers. They wanted [illegible] but remembered their promise. Donovan then spoke to General Phelan and Dr. William Walker of the Boxing Commission but they stuck by the unwritten code and said the champion could have the final code.

So Barney hung on. He had sworn he would never be knocked out, never lose his title on the floor and he kept his promise to himself.

But he should not have been allowed to keep that trust. Certainly not after it became apparent that he did not have the slim chance of bringing up a knockout punch from the depths of his despair. Head unclouted by a thousand punches should have hurt the champion's pride to protect something more important—his health.

If the men who control boxing don't

Due to [illegible] procedure added to the [illegible] application form, there has been [illegible] delay in approval of proposed [illegible] for 1938.

[illegible]

[illegible] submitted requests for approval of proposed range improvement practices are no doubt wondering what became of them, but the Placerville office believes that there will be no further delay and that the regular procedure of inspection and filing of applications for approval can now be carried on without any further loss of time.

More complete information will be obtained in regard to number of stock carried on the range and the method of handling them to prevent overgrazing.

Mr. Dobbas expects to be in El Dorado County shortly and will be available to all range men for a discussion of further details regarding the range program for 1938.

## Armistice In Spain British Hope

LONDON (IP)—Great Britain won the first important move in efforts to arrange an armistice in the Spanish civil war today when Soviet Russia withdrew objections to the British plan for evacuation of foreign volunteers.

The Soviet, which had been holding up the plan, agreed to accept the method of counting volunteers, a division of the volunteers into four main categories and the restoration of land and sea control of the Spanish frontier.

## Troop 57 Will Change Meeting Night

By CHARLES IRISH

Troop 57, Boy Scouts, held its regular meeting on Tuesday night instead of Wednesday, so as not to conflict with the softball games and from now on, at least for the summer, we will meet on Tuesday nights. We will go swimming next Tuesday night at the swimming pool and after swimming we will eat hot dogs.

There will be a Green Bar meeting at Mr. Immel's house Thursday evening at 5:30 when we will have hamburgers. We are now planning to go to Camp Audrain, which will begin at the end of this month.

Mr. and Mrs. Irving Cohn, of Oakland were among the Memorial Day visitors in Placerville. They were accompanied to Placerville by Mrs. Sarah Simon, who is remaining for a visit.

Mr. and Mrs. Alfred Tritten, of Camino, are the parents of a son, Alfred Ray Tritten, born May 31.

## GRAND PRESIDENT PAYS MARGUERITE PARLOR OFFICIAL VISIT

Ethel I. Beghley, Grand President of the Native Daughters of the Golden West, paid her official visit to Marguerite Parlor No. 12 of the order at their meeting Wednesday evening at the Masonic Hall.

The meeting also was the occasion for the official visit of Mrs. Henrietta Hume, supervising district deputy, and the official visit of the deputy grand president, Frances Hancock.

Three new members were initiated, Mrs. Betty Barkley Maul, Mrs. Ayres and Mrs. Corrine Miller.

The Grand President addressed the meeting on the work which the order is doing in fulfillment of its objectives. Appropriate remembrences of the occasion were presented by the parlor to the Grand President, the supervising district deputy, and the deputy grand president.

At the conclusion of the meeting refreshments were served.

## GREEN VALLEY PICNIC AND REUNION ON SUNDAY

The pupils, former pupils and former teachers of the Green Valley school, with their friends, will meet at the school on Sunday for their second annual reunion, celebrating the 76th anniversary of the establishment of the school.

Preparations for the occasion were launched several weeks ago under the guidance of Mrs. Julia MacDonald, the reunion association president, and Miss Eloise Dunlap, teacher of the school and secretary of the association.

Word received by County School Superintendent E. J. Fitzgerald indicates that the officers have made plans for an observance closely paralleling in arrangements the schedule of events held at the diamond anniversary celebration last year.

## Farm Prices Lowest In Four Years

WASHINGTON, (LP) — The Department of Agriculture reported today that prices of farm products have declined to the lowest point in four years.

A 30 per cent decline in market prices in the past year sent the bureau of agricultural economics index to 92 per cent of pre-war, compared with 128 per cent a year ago.

Mr. and Mrs. Max Baer spent the fore part of the week at San Francisco.

## HAIL DAMAGE TO PEARS REPORTED

### 2 Freak Storms Saturday Morning Inflict Slight To Heavy Losses On Growers

The fruit-growing area bounded on the south by sections of Missouri Flat and Cold Springs, and extending northward to Gold Hill suffered some damage to the pear crop as the result of two freak hail storms which struck early last Saturday morning.

One storm hit the area west and south from Gold Hill and another began at Missouri Flat, swept into Cold Springs and northeasterly to the Wilkinson brothers ranches near Gold Hill.

Two competent surveys made by officials during the week indicate that in the case of individual growers in the areas affected may be said to range from slight to heavy, but it is declared no crops were "wiped out."

An analysis of the crop loss in these two surveys shows that not in excess of 40 per cent of the crop in the area concerned was damaged by the hail, and that of this amount, probably half is not so badly damaged but that it will be saleable.

It was pointed out that the pears are small at this time and that the crop is naturally subject to some dropping and that this combination of circumstances might lead some to reach the conclusion that damage has been more severe than will actually prove to be the case as the crop begins to mature.

Mr. and Mrs. Lester Vaughn were up from Sacramento for the week-end and "Les" participated in the opening of the fishing season.

Fern Ellis, Catherine Marsh, Ed Jones and Delbert Wilkinson spent Sunday on a circle tour to Lake Tahoe, Nevada points and home via the Donner Summit and Auburn.
